PECO's energy-saving solutions can help make your home more energy efficient

GET A FREE ENERGY CHECKUP IF YOU QUALIFY

If you meet the household income eligibility requirements, PECO offers income-qualified customers a **choice of one of two ways to save** with FREE energy efficiency upgrades:
FREE **Virtual Energy Checkup**
FREE **In-Home Energy Checkup**

Depending on eligibility and assessment results you could qualify for up to **\$1,500** or more in additional upgrades and equipment. Exclusively for homes with electric heat.

Check your eligibility at peco.com/freeenergycheckup or call **1-888-573-2672** to schedule your appointment.

LEARN ABOUT ENERGY SAVING WITH AN ENERGY ASSESSMENT

Find out if your home is wasting energy with a PECO Energy Assessment. You'll get an unbiased evaluation of your home by a PECO energy advisor and receive a personalized report with energy-saving recommendations that could reduce your annual energy costs by up to 20%. PECO offers **two ways to schedule an appointment**:
Virtual Energy Assessment
In-Home Energy Assessment

Schedule at peco.com/assessment.

SAVINGS YOU CAN COUNT ON

Heating and A/C can account for as much as half of your home's energy use. High-efficiency equipment can improve comfort, substantially reduce energy use and save you money year-round. Plus, **PECO has rebates** on ENERGY STAR® certified equipment. New high-efficiency ENERGY STAR certified models can save you energy and money year after year—and qualify for **PECO rebates from \$15 to \$350**.

Find a list of appliances and apply for your rebate at peco.com/rebates.

GET PAID TO RECYCLE THOSE OLD APPLIANCES

Older fridges, room A/C units, water heaters, pool pumps, washers, dryers and more can be real energy drains. That old fridge or freezer in your garage or basement could be wasting about \$150 a year. Save money by letting us take it away for FREE and get a **\$75 rebate** per appliance, plus an **extra \$10** if you recycle an old room A/C unit at the same time.

Schedule a FREE pickup today at peco.com/recycling.

SAVE MORE WHEN YOU SHOP PECO MARKETPLACE

Shop online and **save with instant discounts** on smart thermostats, LED bulbs, advanced power strips and more.

Visit peco.com/marketplace.

SEE THE LIGHT ON LED LIGHTING

Today's LED bulbs can save you up to \$55 over their lifetime. LED bulbs use 90% less energy and produce about 70% less heat making them safer to operate. Plus, you can get extra savings with **PECO instant discounts** on qualifying bulbs at participating retailers.
