

New trash and recycling carts are on the way!

TOWNSHIP OF  
**MIDDLETOWN**  
BUCKS COUNTY

New trash and recycling carts are now being delivered.

In preparation for automated trash and recycling service taking effect in 2025, Waste Management is currently distributing two (2) 96-gallon carts - one (1) for trash and one (1) for recycling - to every home serviced by the Township's contract with Waste Management. Distribution began earlier this week.

You can expect to receive your two (2) new carts by Saturday, December 14. Carts will be delivered directly to you.

Residents can begin placing carts at the curb during the first full week of January (on or after January 6, 2025) on your new collection day.
