Neighbors Helping Neighbors

We learn from each other; that's how it's always been. One area we look to others for inspiration is our homes, which represent the largest investment many of us will make. We want to get it right. As we consider measures to make our homes energy efficient, it's helpful to consider the experience of our neighbors. The Middletown EAC would like to support that process by compiling tips from residents across the many neighborhoods in the township.

Would you like to contribute your homeowner tips related to energy efficiency projects you've done? Your input could take the form of a single sentence summary or several paragraphs that describe your energy-saving efforts.

Please send your tips to the Environmental Advisory Council to eac@middletownbucks.org. Once compiled, tips will be made publicly available at www.middletownbucks.org/eac.

Microplastics

The Particles We Consume Every Day.

Presented by: The Middletown Township EAC

Designer: Student Representative, Zowie Krzywonos

What are microplastics?

– Plastics no greater than 5 mm in size.

1. **Primary microplastics:** enter the environment through spills or washing
2. **Secondary microplastics:** fragments of large plastics that have broken off due to weathering from water, wind, UV rays

Products with microplastics include:

- o Cosmetic products, fertilizer, cleaning supplies, detergent, & plant protection products

Why should we care?

- Microplastics are NOT biodegradable
- 42,000 tons of microplastics are deposited into the environment each year (ECHA)
- Research is limited, but microplastics may contain chemicals **toxic** to our bodily functions, leading to **cellular damage, inflammation, and possibly cancer.** (Savchuk, 2025, Stanford Medicine News Center)

How can we help?

- **Reduce** microplastics by vacuuming and dust regularly to avoid airborne microplastics, and line-drying clothing to reduce fiber loss
- **Reuse** containers for food and storage, use metal or wooden kitchen utensils, and **REUSABLE SHOPPING BAGS!!!**
- **Avoid** plastic bottles and opt for glass or steel water bottles, do not heat plastic, and adopt a filtration system for water

SUMMER REC

BASKETBALL

Summer Rec Basketball is Middletown's long running youth league that has been a tradition at Firefighters Park for over 20 years! The league is open to boys and girls ages 8-17 and intended for players of all skill levels ranging from beginners to advanced players.

We assign the teams and make the schedule based on age; each team will play twice a week on a Mon/Wed or Tue/Thu schedule with 6:30 PM, 7:30 PM or 8:30 PM starts. Games last roughly 1 hour in duration.

6:30 PM and 7:30 PM age divisions are structured as organized pick up, and starting this season the older 8:30 PM age divisions will keep a season record and have a mini tournament to end the season. Players all receive equal playing time.

This year we will also be starting our new "Teammate of the Night" initiative. Two players from each game time each evening will be chosen for their exemplary teamwork and positive attitude to receive a free water ice from Alphonso's Water Ice!
